

# BEST IN THE DESERT RACING ASSOCIATION

Dear Off-Road Racing Enthusiast:

Things are changing fast in the world of off-road desert racing and we are running hard to keep up. We must always keep abreast of new rules and regulations in the land management world and the environmental world. We continually try to bring you the best off-road racing possible. Every race has its challenges but keeping the great sport of off-road desert racing exciting, new and challenging, that is what's important. With the **Polaris RZR Silver State "150" presented by Method Race Wheels** Best In The Desert is bringing a whole new challenge that has become one of our favorite races; a race in the great high desert of Eastern Nevada!

What can be more exciting than to race on some of the most scenic desert land in our country? The **Polaris RZR Silver State "150" presented by Method Race Wheels** offers you not only scenic value, but a great race course. The course will have a mixture of high-desert mountains, sand-washes, and some of the most awesome panoramic views that will make you want to stop your race vehicle and just take it all in. You will race through the Pahroc Summit area where you will see unbelievable rock formations, the Delamar Valley, where the ghost town of Delamar was located and where gold was discovered in 1890, the Cathedral Gorge area where you will see eroded spires, towers and columns of tan bentonite clay and Pioche, which in 1870 was considered to be one of the wildest mining camps in the West. Tech and Contingency is in Downtown Caliente, a town dating back to the late 1800's!

Not only does the **Polaris RZR Silver State "150" presented by Method Race Wheels** offer a race rich in desert beauty but this part of Eastern Nevada is rich in American History. The race will start 60 miles North of Alamo, an area established in 1901 and was an important area for cattle ranching, and still is today. You will see that cattle ranching is alive and well in the deep green pastures of Pahrangat Valley. You will then travel north into Caliente, a town where in 1901 the Union Pacific Railroad and the Oregon Short Line claimed the same territory and the same set of tracks. The entire area is rich in history and the **Polaris RZR Silver State "150" presented by Method Race Wheels** will give you an opportunity to go back in time and experience what it must have been like to live as a cattle rancher, a miner or a railroad man. This is not only a great race but a great event to bring your entire family to; remember Best In The Desert is about creating memories and the **Polaris RZR Silver State "150" presented by Method Race Wheels** will definitely live up to your expectations. The **Polaris RZR Silver State "150" presented by Method Race Wheels** is an event, not just another race!

Race headquarters will be in the small town of Caliente, everything from Registration to Tech and Contingency will take place in this Historic town. Registration, Tech Inspection and Contingency will be held on September 22<sup>nd</sup>, and the race will take place on Saturday, September 23<sup>rd</sup>! The start line and finish line will be in Caliente! The race is a one loop, approximately 150-miles.

Remember, life is short, you need to live your life to the fullest each day and grasp all of the excitement and the challenges life has to offer. I don't want you to miss out racing on a great course and seeing what this part of Nevada has to offer. This is my personal invitation to come join me at this great event in Eastern Nevada, the **Polaris RZR Silver State "150" presented by Method Race Wheels!** I look forward to seeing you in Caliente in September!

Sincerely,

**Donald Jackson, Operations Manager**

# Polaris RZR Silver State “150” presented by Method Race Wheels

- 1) **The Polaris RZR Silver State “150” presented by Method Race Wheels will be a one-157 mile loop. It’s a chase race!**
- 2) **Registration, Tech Inspection and Contingency** will all take place in Caliente, NV. Hotels in Caliente are limited.
- 3) The race will start and finish just North of Caliente in the same location, on Saturday, September 23, 2017.
- 4) **COURSE DISTANCE** ~ The Polaris RZR Silver State “150” is a 157-mile one-way race:  
**DESIGNATED PITS** ~ There are three (3) pits for all entries.  
**Race course mileage is:**  
Start to Pit 1 = 28.8 miles      Pit 1 to Pit 2 = 53.2 miles      Pit 2 to Pit 3 = 55.0 miles  
Pit 3 to Finish = 20.0 miles      **Total Race Miles = 157.0 miles**
- 5) **NEW COURSE!** The **Polaris RZR Silver State “150” presented by Method Race Wheels** will have some awesome “go fast” new course! *Get ready to have some fun!* Also, there will be sand washes to remember and the view from the top of Denton Summit at 6900 ft. is an unbelievable view point that might be sprinkled with snow!!
- 6) If you have a **two (2) man** team and you may want to divide the mileage up evenly, we recommend that the 2<sup>nd</sup> rider go directly to Pit 2 and switch riders there. Again for 2017, all MC & Quad entries, except ironman can have four (4) riders, if you choose to have more riders.
- 7) Send in your entry form today and get entered to race the **Polaris RZR Silver State “150” presented by Method Race Wheels!!!** The date for start positions is Wednesday, September 6, 2017. We must have your entry form in by the 4<sup>th</sup>!
- 8) **NO** Racing Trax required for this Race for Motorcycle, Quad or UTV.
- 9) The Volunteer Fire Department will be putting on a BBQ Friday night after Tech & Contingency at the Fire Station. Best In The Desert is paying for arm banded racers. Pit crew or family will need to be paid in advance or at the door, \$12 per person. Please see enclosed form for more information.
- 9) The **AWARDS PRESENTATION** for the **Polaris RZR Silver State “150” presented by Method Race Wheels** Race will be held on Saturday evening, September 23, 2017, Rose Park! Dinner will be provided! Don’t miss out on a fun evening full of good food and celebrating a great race!
