PRO-MOD FRONT BUMPER SHOWN WITH  
OPTIONAL SKID PLATE ON FORD RAPTOR

**PRO-MOD FRONT BUMPER**

Westin's Pro-Mod Front Bumper combines enhanced vehicle protection, with great looks. Pro-Mod's revolutionary lightweight modular design is uniquely engineered with outrigger reinforcement brackets to provide maximum front end protection without compromising on strength, integrity or durability.

The "high and tight" bumper profile creates a greater approach angle, which significantly improves off-road driving capabilities. The lightweight design also requires smaller shipping packages which dramatically reduces shipping costs. Pro-Mod bumpers feature a textured black finish with an e-coated base coat, providing long lasting corrosion protection from the elements. Once you see the Pro-Mod Front Bumper, the choice becomes obvious.

**LIGHTWEIGHT MODULAR DESIGN PROVIDES BOTH STYLE AND PERFORMANCE WITHOUT SACRIFICING STRENGTH!**
