Welcome to the VT Construction SILVER STATE 300 Presented by Polaris RZR

Dear Off-Road Racing Community,

The entire Best In The Desert staff welcomes you back to doing what we all love – Off-Road Racing! While waiting for the opportunity to race again, our staff has been busy getting ready, making plans, and setting up new guidelines that make Best In The Desert racing both exciting and safe at the same time.

First – great news - the **VT Construction Silver State 300 brought to you by Polaris RZR** IS HERE. We've retooled the rest of the year to get in as many races as possible to complete the 2020 season. Here are the latest updates:

The **2020 Maxxis Tires "Casey Folks" Vegas to Reno Presented by Fox** will take place as planned on Aug. 12-15, 2020. It will be the biggest and best Vegas to Reno race ever held with an all-new start near Beatty and 60 miles of racecourse not used in several years.

The **Jagged X National Desert Cup Presented by Quantum Motorsports** will replace the Battle Born 250 and take place on Sept. 25-27, 2020. The Battle Born 250 has been dropped from the 2020 schedule.

The **2020 BlueWater Desert Challenge** will be held on Oct 22-25, 2020 pending the reopening of the Blue Water Resort. This race will close out the 2020 Best In The Desert race season and the Maxxis Triple Crown.

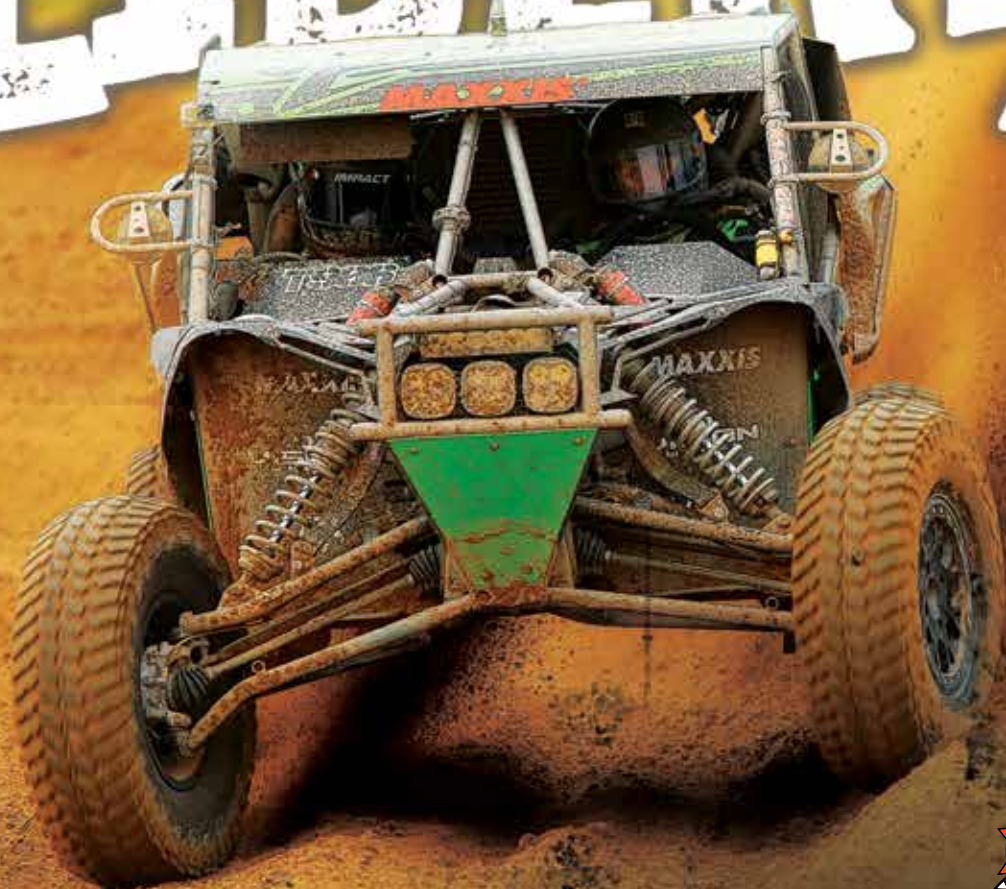

Best In The Desert is implementing the following social distancing precautions at the **VT Construction Silver State 300 Presented by Polaris RZR** to ensure that events stay safe for everyone involved:

- Registration will have scheduled times per class to register and will be limited to only those racers who need armbands and parents to minors.
- Contingency will have a new format in place to avoid direct contact with our contingency team.
- Tech will also be a new format.
- The driver's meeting will be held virtually via Facebook Live. *Not as a face-to-face group meeting.*
- Trophies will be presented at the finish line at the Ford Mesa.

Our goal is to make certain that your experience with us is nothing short of exceptional and safe. We strive to ensure that your participation and enthusiasm for the sport of off-road racing meets the professionalism you expect and deserve. Be safe, have fun and Welcome Back to Off-Road Racing at its finest.

Motorsports Safety Solutions

is a Fire, Rescue and Emergency Medical Services' provider specializing in competitive dirt sport events. The company started in 2009 out of a need to organize and formalize groups who had been volunteering at various events. The company Motorsports Safety Solutions, was created to bring together the numerous dedicated and professional teams that followed various racing series, the goal being to ensure a standard of care and build connections with racers, crews, and staff. By having a relationship and knowledge of their clients, along with those they are there to protect, they are able to have a true vested interest in racers and at the end of the day, their patients.

All members of the Motorsports Safety Solutions team are volunteers and come from diverse backgrounds and experience. The team includes professional fire fighters, paramedics, nurses, EMTs, and doctors. They are also fortunate to have law enforcement officers and other professionals who share in their mission and passion of helping racers. These special individuals include people who, during the week, may be mechanics or fabricators, but work as medics or responders for their team on

the weekend.

Motorsports Safety Solutions has been very fortunate to have some amazing companies support the Motorsports Safety Solutions team with product sponsorship. They include General Tire, Utilimaster Montebello, Trail Ready Wheels, Trail Ready Bumpers, Optima Batteries, Team Ford Lincoln, Mastercraft Safety, Rugged Radios, Cali Suspension, KC Hilites, King Shocks, Deaver Suspension, Action Trax, Pro Eagle, Vegas Custom Graphics, Metroprint Nevada, Alpha Gloves, Tactical Recovery Equipment and Johnson Equipment Company.

Many race teams provide support in the effort to keep competitors safe. Leading race teams like Alexander Racing, Sam Berri Racing, Baldi Bros Racing, Concrete Motorsports, Mills Motorsports and the amazing family at God Is Awesome Racing continue to help their teams with equipment and vehicle upgrades.

NEW 6100 Truck

The 6100 Class has grown to be one of the largest classes in Best In The Desert. For 2020 several drivers wanted to get together and cash in on some of the extra curricular wagering that Trick Truck drivers have been getting in on since Casey Folks came up with the series within a series concept nine years ago. For this first year of the 6100 Truck Challenge Cup, drivers kicked in \$3K each to get in on the action.

3.0 SHOCKS

2010-14 FORD RAPTOR

The Dirt Logic 3.0 shocks are constructed with a steel body and feature a Cerakote finish in tactical black for extreme durability. NitroSteel® 7/8" piston rods are utilized to repel rock chipping while providing superior corrosion resistance. Completing the blacked-out finish of these high-end Raptor shocks is the polished black anodized aluminum components. They offset the matte black Cerakote body for a subtle yet bold appearance.

Dirt Logic 3.0 Raptor shocks are available individually, with Upper Control Arms or with Fabtech's 4" Suspension system.

Dirt Logic 3.0 Shock Types Available

Front - Coilover shock w/ remote reservoir and compression adjuster

Rear - Triple Tube Bypass shock w/ Piggyback reservoir

Rear - Smooth Body shock w/ remote reservoir and compression adjuster

WESTIN®

ENGINEERED FOR ENTHUSIASTS

PRO-MOD FRONT BUMPER

Designed, Tested & Engineered in USA

PRO-MOD FRONT BUMPER SHOWN WITH OPTIONAL SKID PLATE ON FORD RAPTOR

PRO-MOD FRONT BUMPER

Westin's Pro-Mod Front Bumper combines enhanced vehicle protection, with great looks. Pro-Mod's revolutionary lightweight modular design is uniquely engineered with outrigger reinforcement brackets to provide maximum front end protection without compromising on strength, integrity or durability.

The "high and tight" bumper profile creates a greater approach angle, which significantly improves off-road driving capabilities. The lightweight design also requires smaller shipping packages which dramatically reduces shipping costs. Pro-Mod bumpers feature a textured black finish with an e-coated base coat, providing long lasting corrosion protection from the elements. Once you see the Pro-Mod Front Bumper, the choice becomes obvious.

LIGHTWEIGHT MODULAR DESIGN PROVIDES BOTH STYLE AND PERFORMANCE WITHOUT SACRIFICING STRENGTH!
