The Jagged X National Desert Cup Presented by Quantum Motorsports features an off-road race structure new to the Glen Helen Raceway venue. Race events will use the motocross infield, Lucas Oil short course tracks, the north pavilion, and the infamous West and East Ridges.

"We've worked extremely hard to try to provide a true Best In The Desert off-road style event," says CEO Daryl Folks. "By taking into consideration the design of our off-road desert racing UTVs, we believe we have something more suited to their performance characteristics. We've made every attempt to come up with an up-tempo, more flowing layout on the infield motocross and Lucas Oil short course sections while adding in a true off-road element with the West and East Ridges."

Jagged X Racing Founder and Title Sponsor of the National Desert Classic Bill Schueler adds, "I'm very pleased with what Best In The Desert has done for the track design. They've come up with a layout that is indeed challenging. The infield sections have a nice flow and should better suit our longer wheelbase desert UTVs while the 'Ridges' will test both driver and machine. This is a true off-road test."

Best In The Desert CMO Bryan Folks echoes the enthusiasm, saying, "We're really excited about this event. Bud Feldkamp and Lori Wilson have pulled out all the stops to make sure our racers have a great time. As both Bill and Daryl have mentioned, our course layout is challenging and is a mixture of off-road and short course. It's a real test of driving skill, patience, and awareness."

The UTV racecourse will be 7.8 miles long while the Short Course and Youth UTV races will run an abbreviated three-mile course. Racing starts with the 4 Wheel Parts Youth races on Friday. Two full days of racing for all classes follows on Saturday and Sunday, with events broken down into groups. Every class will have a chance to race for approximately 2 hours on both days. Elapsed times will be combined from each race to determine the overall winners.

In addition to a full slate of racing activities over the weekend, Best In The Desert is hosting a Racer Appreciation Taco Fest and Bench Racing Party at the conclusion of Saturday's racing starting at 7:00 pm.

DESERT RACING'S FIRST RESPONDERS

Motorsports Safety Solutions

is a Fire, Rescue and Emergency Medical Services' provider specializing in competitive dirt sport events. The company started in 2009 out of a need to organize and formalize groups who had been volunteering at various events. The company Motorsports Safety Solutions, was created to bring together the numerous dedicated and professional teams that followed various racing series, the goal being to ensure a standard of care and build connections with racers, crews, and staff. By having a relationship and knowledge of their clients, along with those they are there to protect, they are able to have a true vested interest in racers and at the end of the day, their patients.

All members of the Motorsports Safety Solutions team are volunteers and come from diverse backgrounds and experience. The team includes professional fire fighters, paramedics, nurses, EMTs, and doctors. They are also fortunate to have law enforcement officers and other professionals who share in their mission and passion of helping racers. These special individuals include people who, during the week, may be mechanics or fabricators, but work as medics or responders for their team on

the weekend.

Motorsports Safety Solutions has been very fortunate to have some amazing companies support the Motorsports Safety Solutions team with product sponsorship. They include General Tire, Utilmaster Montebello, Trail Ready Wheels, Trail Ready Bumpers, Optima Batteries, Team Ford Lincoln, Mastercraft Safety, Rugged Radios, Cali Suspension, KC Hilites, King Shocks, Deaver Suspension, Action Trax, Pro Eagle, Vegas Custom Graphics, Metroprint Nevada, Alpha Gloves, Tactical Recovery Equipment and Johnson Equipment Company.

Many race teams provide support in the effort to keep competitors safe. Leading race teams like Alexander Racing, Sam Berri Racing, Baldi Bros Racing, Concrete Motorsports, Mills Motorsports and the amazing family at God Is Awesome Racing continue to help their teams with equipment and vehicle upgrades.

**Best In The Desert** avidly supports and appreciates the valuable and important services that Motorsports Safety Solutions provides to our racers and fans.

# 50 YEARS OF RACING

Has led to this.

On September 1st, KC®, the Original name in off-road lighting, will be releasing the first product in the next era of off-road lighting. A light designed to meet the needs of an industry looking for more power while minimizing size, KC is introducing it's most compact but powerful light yet. Stay tuned.

Here's to another 50.

**LIGHTWEIGHT MODULAR DESIGN PROVIDES BOTH STYLE AND PERFORMANCE WITHOUT SACRIFICING STRENGTH!**

**PRO-MOD FRONT BUMPER**  
Westin's Pro-Mod Front Bumper combines enhanced vehicle protection, with great looks. Pro-Mod's revolutionary lightweight modular design is uniquely engineered with outrigger reinforcement brackets to provide maximum front end protection without compromising on strength, integrity or durability.

The "high and tight" bumper profile creates a greater approach angle, which significantly improves off-road driving capabilities. The lightweight design also requires smaller shipping packages which dramatically reduces shipping costs. Pro-Mod bumpers feature a textured black finish with an e-coated base coat, providing long lasting corrosion protection from the elements. Once you see the Pro-Mod Front Bumper, the choice becomes obvious.

3.0  
SHOCKS

2010-14  
FORD  
RAPTOR

The Dirt Logic 3.0 shocks are constructed with a steel body and feature a Cerakote finish in tactical black for extreme durability. NitroSteel® 7/8" piston rods are utilized to repel rock chipping while providing superior corrosion resistance. Completing the blacked-out finish of these high-end Raptor shocks is the polished black anodized aluminum components. They offset the matte black Cerakote body for a subtle yet bold appearance.

Dirt Logic 3.0 Raptor shocks are available individually, with Upper Control Arms or with Fabtech's 4" Suspension system.

Dirt Logic 3.0 Shock Types Available

- Front - Coilover shock w/ remote reservoir and compression adjuster
- Rear - Triple Tube Bypass shock w/ Piggyback reservoir
- Rear - Smooth Body shock w/ remote reservoir and compression adjuster
