

# **BEST IN THE DESERT RACING ASSOCIATION**

## **Compliance with BLM Stipulations**

Attention Off-Road Racing Enthusiasts:

Our compliance with the BLM in regards to special recreation permits changes day to day. Race organizations, as well as competitors, must do our best to adhere to the BLM stipulations. The following are the new regulations set by the BLM as the standard for Best In The Desert Racing Association to follow. It is our responsibility jointly to do our best to follow the rules.

### **Fuel and Fluids Management Stipulation:**

**The permittee shall be responsible for clean-up and assumes liability for any releases of hazardous substances on public land as defined in the National Oil and Hazardous Substances Contingency Plan (40 CFR 300). The Permittee will immediately notify the BLM Authorized Officer of any and all releases of hazardous substances and or oil on public land.**

**The permittee shall provide a method of controlling and capturing all fuel. At a minimum this requires an impermeable membrane with raised edges capable of containing any fuel spilled during fueling or storage. Absorbent materials (commercially produced spill pads, diapers) must be available to soak up spilled fuels. This does not apply to fuel located within fuel trucks or fuel drums not in use and stored in trucks or trailers. Empty fuel containers must be stored in trucks or trailers.**

**The permittee shall provide a method of controlling and capturing fluids (oil, transmission, etc.) during vehicle maintenance and repairs. All fluids must be contained in spill-proof containers. At a minimum, this requires an impermeable membrane with raised edges capable of containing any fluid spilled during maintenance or storage. Absorbent materials (commercially produced spill pads, diapers) must be available to oak up spilled fluids.**

~ end of stipulation

We appreciate all you do to help keep our sport safe and environmentally sound. We thank you for your cooperation, and know when the BLM comes by your pit area, you will all be in compliance with the fuel and fluid regulations.

#### **SPECIAL NOTE:**
